

**Complete money management at your fingertips!**

Online Banking puts you in control of your money as well as your time. It provides the accurate, up-to-date information you need to make sound financial decisions.

With funds transfer, you can move money between accounts within seconds. And all transactions include a handy confirmation number for added assurance. You can even schedule transfers to be made automatically or make individual transfers. It's all up to you.

With Bill Pay, you will never have to worry about missing an important payment. You can set up one-time or recurring payments quickly and easily. You can then view and edit your pending payments from one location.

You set your own banking hours when it comes to Online Banking and Bill Pay. You can bank whenever and wherever it is most convenient for you. Financial freedom is just a quick click away!

the  
bank  
to you!**

**Online Banking  
& Bill Pay**

Available anywhere,  
any time.

**No more sleepless nights worrying about your finances. No more waiting in line. No more traveling to and from the bank. No more paper or stamps!**

Where can you go to check your account balances, transfer money between accounts and pay your bills electronically, from your credit card bill to your babysitter.

It's all conveniently available in one place on the internet with Online Banking and Bill Pay!

### **Flexibility**

Whether you're at home, at work or on the road, we're here for you with our any time, all-the-time online services. Because banking can be done on your own schedule, any hour of the day or night, you'll find managing your finances to be simpler, faster and more accessible than ever.

### **Financial Control**

You decide which features you would use most. Use Online Banking only, or pay bills online through Bill Pay, it's up to you! Online Banking allows you to:

- View daily account balances and transactions
- Transfer money between accounts, any time
- Receive account alerts when balances go above or below a designated amount

Bill Pay allows you to:

- Pay literally anyone, any time--from your mortgage company to the newspaper carrier
- Set-up repeating payments made automatically at the frequency you choose
- Track the status of every single bill you pay

### **Time Savings**

You won't believe the extra time you'll save by banking online. What used to take you hours and several trips to the bank or post office can now be done within minutes, all at once!

### **Easy Use**

Once you enroll, you'll receive a simple, easy-to-read Quick Start Guide that walks you through each and every online feature, from accessing your account for the first time to paying your first bill online. Help is always only a quick click by e-mail or a phone call away!

You can even call one of our representatives and ask them to walk you through an online demo. We'll be there to help you along the way, step-by-step.

### **Security**

Providing a secure online banking environment is of the utmost importance. Several key components that help ensure a high level of security include: unique passwords and user I.D.s, account number masking and account aliases, SSL data encryption technology using state-of-the-art firewalls and security measures related to both physical security and network access. So, as you can see, the precautions taken with online banking security are created by multiple elements and measures that work together to provide you the most secure online environment available.
